- Replace Deteriorating Parking Lots and Asphalt Play Area

### Learning Environments

- Improve Climate Control with New Air Conditioning

### Infrastructure

- Replace Flagpole & Fencing

### Energy and Operational Efficiency

- Replace Roofing
- Replace Rooftop Mechanical Units

## Bond 2016 Major Features

Bond 2016 is a comprehensive facilities upgrade and construction program that touches every building across the district. Key highlights:

- Learning Environment-focused upgrades to meet 21st century educational and technology requirements;
- Improvements to address the aging infrastructure of all buildings;
- Safety and Security upgrades that build upon security initiatives already in place;
- Energy initiatives to improve the operational efficiency of buildings and reduce operational expenses.

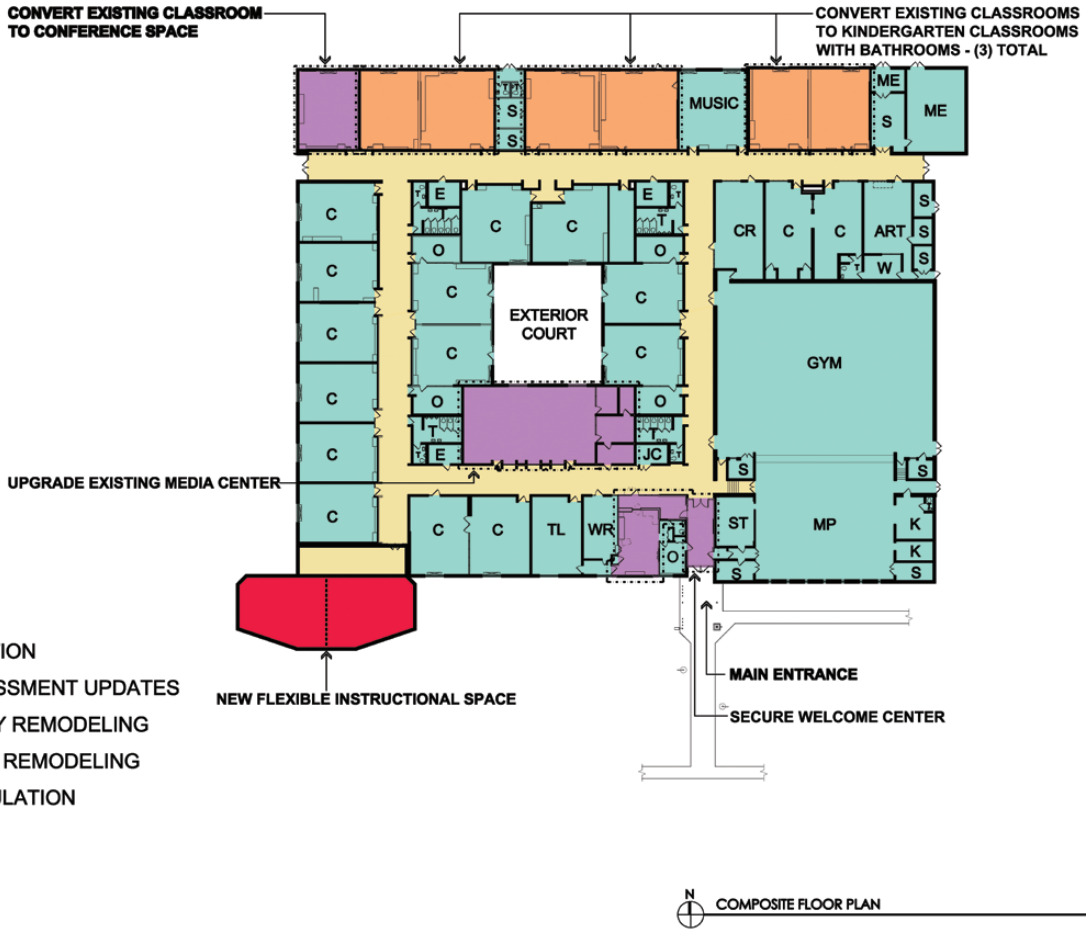

Extensive renovations will occur at all District buildings. Other features include:

- New Early Childhood Center located on the McKinley/Crull campus, allowing consolidation of current programming. This provides additional space in our elementary buildings for expanded kindergarten classrooms, dedicated art and music space, etc.
- Replacement Elementary School for the current Kimball Elementary School.
- New additions at elementary and high schools and renovations at our middle schools to provide flexible and collaborative learning environments.

*Conceptual Draft*

## Anticipated Benefits of Bond 2016

- \* Upgrades learning environments and technology to respond to the district's vision of 21st Century teaching and learning
- \* Strengthens security in our schools
- \* Preserves District facilities; which can protect our property values
- \* Reduces pressure on general fund by using "bond" dollars for building & technology upgrades

## Current Millage Rate Comparison Port Huron Schools and County Districts

*Port Huron Schools currently has the lowest millage rate, and if voters approve the proposals, the millage would be at 6.05 mills - the midpoint of county districts.*
